Chairman's Letter

Dear MFG Shareholder

On behalf of the MFG Board, I am pleased to provide you with this Notice of Meeting and Explanatory Notes ("**Notice**") and to seek your support for the proposed merger between MFG and Barrenjoey Capital Partners² ("**Barrenjoey**") (the "**Merger**").

This transaction represents a significant step in MFG's evolution. If approved, the Merger will create a diversified, client-focussed Australian financial services group, with a proven talent base across investment management, corporate finance, equities, fixed income and capital markets.

Overview of the transaction

MFG has entered into agreements to acquire all of the issued capital in Barrenjoey that it does not own at the time of completion of the proposed Merger. The terms of the proposed transaction are set out in the Explanatory Notes attached to this letter, and the investor presentation dated Monday 2 March 2026 is also included ("**Investor Presentation**")³.

As a founding investor, MFG has participated in the strong growth of Barrenjoey over its first five years. This Merger sets the foundation for future growth and enhanced MFG economic participation.

The Board believes the Merger represents a compelling opportunity and will result in:

- improved business diversification and resilience;
- an enhanced client proposition across both businesses;
- the ability to retain and attract the best talent; and
- a strong combined balance sheet providing opportunity for growth.

The Merger does not change MFG's existing strategic partnership with Vinva Investment Management and FinClear Holdings, both of which will continue to operate independently.

The Merger will involve the issue of 106,838,520 MFG shares ("**Consideration Shares**") to the shareholders of Barrenjoey at completion, representing an approximate 57.5% increase in the total number of MFG ordinary shares on issue.⁴

In advance of the Merger, MFG is in the process of acquiring an incremental ~10% economic interest in Barrenjoey from an affiliate of Barclays Bank PLC ("**Barclays**")⁵ for \$148.9 million ("**Initial Acquisition**")⁶ to be funded via the now completed \$130 million institutional placement ("**Placement**") and the announced share purchase plan ("**SPP**")⁷ and will bring MFG's economic interest in Barrenjoey to approximately 46.42%.

The Initial Acquisition is separate from, and is not included in, the Merger consideration. It increases MFG's economic interest in Barrenjoey ahead of completion of the Merger and positions the combined group for full ownership upon implementation of the Merger.

² Being Barrenjoey Capital Partners Group Holdings Pty Limited (ACN 644 241 510).

³ This is the investor presentation released to ASX on Monday 2 March 2026 with some modifications, being the replacement of original page 3 ("Today's presenters") and the removal of original pages 54 to 62 ("Risks" and "International offer restrictions") as these pages are not relevant in the context of this NOM. The Investor Presentation is current as of Monday 2 March 2026.

⁴ Calculated from the expected date of issue of the SPP Shares assuming full take up of the targeted \$20.0 million offer (which is not underwritten).

⁵ Through an affiliate.

⁶ Barclays Subsidiary (defined below) has agreed to pay Barrenjoey a liquidity fee in respect of the proceeds payable to it in respect of the Initial Acquisition.

⁷ Assuming the SPP raises the targeted \$20 million. No fee was payable by MFG to Barrenjoey in relation to its role as lead manager on the Placement.

Following completion of the Merger, MFG shareholders⁸ will hold approximately 63.5% of the total number of MFG ordinary shares on issue, with the Barrenjoey Parties (defined below) holding approximately 31.7% and Barclays⁹ holding approximately 4.9%.

If MFG shareholders approve the issue of the Consideration Shares and completion takes place, Barrenjoey will become a wholly-owned subsidiary of MFG.

Alignment and leadership

A defining feature of this transaction is the long-term alignment of Barrenjoey's senior leadership and employees.

All Barrenjoey Parties (with the exception of the Incoming Barrenjoey Nominee Directors) will be subject to escrow and/or vesting arrangements covering all their Consideration Shares with staggered vesting and escrow release dates. These arrangements are designed to ensure continuity of leadership and alignment with long-term shareholder outcomes, with the Barrenjoey Parties to which the restrictions apply only permitted to sell their Consideration Shares after their respective dealing restriction period ends or in other limited circumstances.

Following completion, David Gonski AC will become Independent Chair of the combined group and I will assume the role of Deputy Chair. Brian Benari will be appointed as Group Chief Executive Officer; Sophia Rahmani will continue as Chief Executive Officer, Magellan Investment Partners; and Matthew Grounds and Guy Fowler will continue as Co-Executive Chairs of

Barrenjoey Capital Partners. This structure combines deep experience supported by a highly credentialled Board and management team.

As part of the proposed Board transition, David Dixon has advised that he will retire from the MFG Board following completion of the Merger. On behalf of my fellow Directors and all shareholders, I would like to sincerely thank David for his invaluable support and commitment to MFG. David joined the Board at a particularly challenging time for the company and has played an important role in helping to stabilise and strengthen the business. His experience, judgement and steady guidance have been instrumental in positioning MFG on a stronger footing, and we are deeply appreciative of his contribution.

Trading and peer metrics

The proposed Merger implies a value of A\$1,616.2 million for Barrenjoey (on a 100% basis). This implies a last-12-months ("**LTM**") transaction P/E multiple of 15.0x, prior to the consideration of expected synergies¹⁰ and 14.5x on a post synergies basis.¹¹ This transaction multiple is attractive when compared to the LTM P/E trading multiples of comparable peers. In addition, the \$130 million Placement attracted very strong demand from highly regarded institutions which is considered by MFG to be an endorsement of the Merger. The MFG share price closed at A\$10.31 (up 21.9%), on Tuesday 3 March 2026, being the first trading day after the Merger announcement, reflective of equity market support for the Merger.

⁸ Who are on MFG's share register as at 7.00pm (Sydney time) on the date of completion of the Merger ("**Applicable Shareholders**"). The MFG share ownership figures in this sentence assume full take up of the targeted \$20.0 million SPP offer (which is not underwritten). The percentage of shares held by the Applicable Shareholders in this sentence does not include Placement or SPP Shares held by those shareholders (if any).

⁹ Through an affiliate.

¹⁰ During the 12 months to 31 December 2025, Barrenjoey delivered NPATA of A\$108 million. NPATA refers to net profit after

tax and before the non-cash amortisation expense (net of tax) associated with the establishment of Barrenjoey's employee share plan. Barrenjoey's financial profile reflects the removal of legacy arrangements which cease as a result of the transaction.

¹¹ A preliminary assessment has identified that the Merger is expected to deliver MFG approximately A\$6 million in annual pre-tax cost synergies.

Risks

As with any transaction of this nature, there are risks associated with the Merger. These include key personnel risks, operational risks, external environment risks and regulatory risks. A summary of key risks is included in section 10 of the Explanatory Notes.

Board recommendation

The MFG Board has carefully considered the strategic, financial and governance implications of the Merger. After thorough evaluation, the Board unanimously believes the transaction is in the best interests of MFG shareholders.

Accordingly, the MFG Board unanimously recommends that you vote in favour of the issue of the Consideration Shares to fund the proposed Merger at the Extraordinary General Meeting ("**EGM**"). Each MFG Director intends to vote all the shares they hold or control in MFG in favour of the Resolution.

Please read the Explanatory Notes and Investor Presentation closely before determining how to vote.

Yours sincerely

1 Background

As announced on Monday 2 March 2026, MFG has entered into binding agreements with the Barrenjoey Parties and Barclays Subsidiary (each defined below in section 0 and together the Sellers as defined below) ("**Merger Agreements**") to acquire all of the remaining issued capital in Barrenjoey Capital Partners Group Holdings Pty Limited ("**Barrenjoey**") that it does not hold immediately prior to completion of the acquisition in consideration for the issue of 106,838,520 new fully paid ordinary shares in MFG ("**Consideration Shares**") to the Sellers ("**Merger**").

MFG is a founding investor in Barrenjoey and currently holds an economic interest of 36.4% and a voting interest of 4.99%. MFG's economic interest in Barrenjoey is expected to increase from 36.4% to 46.4% on 16 March 2026 following the acquisition of 1,007 Class B Preference Shares from Barclays Subsidiary for A\$148.9 million ("**Cash Consideration**" and "**Initial Acquisition**"). The Initial Acquisition will be partially funded by the non-underwritten institutional placement ("**Placement**")¹² of 15,384,615 MFG ordinary shares to institutional investors that raised A\$130.0 million ("**Placement Shares**").

Subject to the amount raised in the SPP, the balance of the Cash Consideration will be funded by a share purchase plan ("**SPP**")¹³ of up to 2,366,863 MFG ordinary shares ("**SPP Shares**") or existing cash. The SPP is targeting to raise A\$20.0 million.¹⁴ Applications may be scaled back (in whole or in part) at the absolute discretion of MFG. If a scale back is applied, it is MFG's intention that the scale back will be applied having regard to the pro rata shareholding of eligible shareholders who apply for SPP Shares. The SPP proceeds will be used to fund the balance of the Initial Acquisition.¹⁵

If the full amount is raised, the Placement Shares and the SPP Shares will represent approximately 9.6% of MFG shares on issue post the Placement and SPP.¹⁶

If the Merger proceeds to completion, MFG will hold 100% of the economic and voting interests in Barrenjoey and there will be changes to the MFG Board and senior leadership team (see section 7.4 for further details).

The Merger is expected to support MFG's evolution into a diversified, client-focussed Australian financial services group, with a proven talent base across investment management, corporate finance, equities, fixed income and capital markets. Further details regarding the strategic rationale, key benefits and expected synergies are set out in section 8.

The proposed Merger implies a value of A\$1,616.2 million¹⁷ for Barrenjoey (on a 100% equity value basis) and the implied value of total consideration of A\$903 million for the Barrenjoey shares MFG is expected to acquire at completion of the Merger. The consideration will be funded through the issuance of 106,838,520 million new MFG ordinary shares (being the Consideration Shares). This implies a transaction multiple of 15.0x P/E¹⁸ on an LTM basis, prior to the consideration of expected

¹² The Placement was announced on ASX on Monday 2 March 2026 and completed on Friday 6 March 2026.

¹³ The SPP was announced on ASX on Monday 2 March 2026 and is expected to open on Thursday 12 March 2026 and close at 5.00pm (Sydney time) on Wednesday 25 March 2026 (unless extended) and will be open to eligible shareholders in Australia and New Zealand.

¹⁴ But may be more or less. For further details see the announcements released by MFG to ASX on Monday 2 March 2026.

¹⁵ As it is not underwritten, there is no guarantee how much will be raised under the SPP. To the extent the full amount is not raised MFG will use its existing cash to fund the balance of the Initial Acquisition.

¹⁶ Assuming the Placement and SPP result in the issuing of 17,751,478 of new Shares (the final number may be more or less than this number). The Placement Shares and the SPP Shares are not entitled to the MFG interim dividend for 31 December 2026 as the dividend record date was 24 February 2026.

¹⁷ Based on a price equivalent to the Placement and SPP issue price of \$8.45.

¹⁸ The Price-to-Earnings (P/E) Ratio is calculated based on the implied merger value (on 100% basis) and the last-12 months NPATA of A\$108m. Refer to footnote 14.

synergies. In the 12 months to 31 December 2025, Barrenjoey delivered NPATA¹⁹ of A\$108 million. NPATA¹⁹ grew by over 90% in 1H26 compared to the prior comparable period.

A preliminary assessment has identified annual pre-tax synergies of approximately A\$6 million. Including these synergies on a pro-forma basis reduces the acquisition multiple to 14.5x P/E.

The Investor Presentation sets out select pro-forma combined financial information for the 12-month period ended 31 December 2025 (see page 23).

The Barrenjoey Parties (with the exception of the Incoming Barrenjoey Nominee Directors)²⁰ will be subject to escrow and/or vesting arrangements covering all their Consideration Shares, with staggered vesting and escrow release arrangements. The Consideration Shares that will be issued to the trustee of the Barrenjoey Employee Share Trust ("**Barrenjoey ESS**") will be subject to vesting arrangements which will mirror the Barrenjoey ESS at the time of completion of the proposed Merger. Further details are set out in section 6.2.

2 Trading and peer metrics

The MFG Board has primarily assessed the valuation of Barrenjoey on a discounted cash flow basis and through analysis of the relative contribution to the combined group. Additionally, as part of its assessment, the MFG Board has reviewed a range of other commonly used valuation approaches to ensure overall consistency.

The proposed Merger implies a value of \$1,616.2 million²¹ for Barrenjoey (on a 100% basis). During the 12 months to 31 December 2025, Barrenjoey delivered NPATA²² of A\$108 million. This implies a transaction P/E multiple of 15.0x²³ on an LTM basis, prior to the consideration of expected synergies. Inclusive of A\$6m in expected annualised pre-tax cost synergies this LTM P/E multiple is 14.5x, on a normalised basis.

These transaction multiples are attractive when compared to the LTM P/E trading multiples of comparable peers. Comparable domestic peers are trading at a median LTM P/E multiple of 22.3x, while comparable international peers are

trading at a median LTM P/E multiple of 15.8x.²⁴ In comparison to the transaction LTM P/E multiples, peer trading multiples do not include a control premium.

New and existing MFG shareholders strongly supported the \$130 million Placement. Large participants in the Placement included significant highly regarded institutional investors. Their strong support of the Placement, at a discount of only 0.1%²⁵, is considered by MFG to be endorsement of the Merger.

On the first trading day following announcement of the Merger, being Tuesday 3 March 2026, the market responded positively with the MFG share price closing at \$10.31. This represented an increase of 21.9% relative to the closing price immediately prior to the announcement of the Merger on Friday 27 February 2026, reflective of equity market support for the Merger. Over the same period, the S&P/ASX 200 declined by 1.3%.

The MFG closing price on the first trading day post announcement, being Tuesday 3 March 2026, also compared favourably to the 1-week VWAP²⁶, 1-month VWAP and 2-month VWAP to Friday 27 February 2026, as set out in the table below.

VWAP PERIOD, TO 27 FEBRUARY 2026	VWAP VALUE (A\$/sh)	MFG closing price premium at 3 March 2026, relative to VWAP ²⁷

Relationship with MFG

MFG and its subsidiaries (the “**MFG group**”) provides Barrenjoey with up to A\$25 million of unsecured working capital finance. The facility has not been drawn since 2023. During the half year ended 31 December 2025, the MFG group earned A\$126,000 in commitment fees from the facility.

During the half year ended 31 December 2025, the MFG group received brokering services from Barrenjoey in respect of its on-market MFG share buy-back program and paid Barrenjoey A\$10,000 in brokerage fees. It also received a dividend from Barrenjoey of A\$8 million, fully franked.

During the 2022 financial year, the MFG group sold its shares in Guzman y Gomez (Holdings) Limited (“**GYG**”) to an investment trust managed by Barrenjoey. Under the terms of the sale agreement, the MFG group was entitled to receive additional consideration contingent on GYG's performance and the trust's eventual realisation of its investment. During the half-year ended 31 December 2025, the managed trust completed the realisation of its investment, and the MFG group received additional proceeds of A\$6,104,000, net of A\$138,000 in related arranging fees.

Barrenjoey also provides equity brokerage services in respect of trades entered into on behalf of MFG's funds and mandates. The fees for such services are not incurred by the MFG group.²⁹

Barrenjoey Markets Pty Ltd (ACN 636 976 059) acted as lead manager and bookrunner of, and provided settlement support for, the non-underwritten Placement (“**Lead Manager**”) subject to the terms and conditions of a placement agreement entered into with MFG. No fees were payable by MFG or the Barclays group to the Lead Manager in connection with the Placement.³⁰ Further details of the key terms of the Placement are set out on pages 32 to 34 of the Investor Presentation.

²⁸ As at 31 December 2025.

²⁹ MFG may subsidise expenses where a fund is not break-even or where MFG is an investor in the fund.

³⁰ Separately, Barclays Subsidiary agreed to pay Barrenjoey a liquidity fee in respect of the proceeds payable to it in respect of the Initial Acquisition.

6 Summary of proposed Merger

6.1 Material terms of the Merger Agreements

A summary of the material terms and conditions of the Merger Agreements are as follows.

Consideration

The consideration payable by MFG to the Sellers for their shares in Barrenjoey (**“Sale Shares”**) on completion of the Merger is an aggregate of 106,838,520 fully paid ordinary shares in the capital of MFG (being the Consideration Shares). The Consideration Shares are expected to be quoted the day after they are issued.

Conditions Precedent

As at 8.00am (Sydney time) on the date of this Notice, completion of the Merger under the Merger Agreements is subject to the following conditions precedent:

- **ACCC approval:** either: (a) the Australian Competition and Consumer Commission (**“ACCC”**) determines that the acquisition of the Sale Shares by MFG is not required to be notified with the ACCC; or (b) the ACCC determines that the acquisition of the Sale Shares by MFG may be put into effect;
- **MFG shareholder approval:** the Resolution being approved by MFG shareholders;
- **Hong Kong regulatory approval:** the Securities and Futures Commission of Hong Kong providing written approval to MFG becoming a “Substantial Shareholder” of Barrenjoey;
- **Initial Acquisition:** completion of the Initial Acquisition; and
- **no restraints:** there being no law enacted, or order in place, that prevents, restraints, makes illegal or prohibits the acquisition of the Sale Shares,

³¹ Whether current or former.

³² The consideration payable includes an amount for the acquisition of relevant parties’ economic interest in Barrenjoey and an amount for the acquisition of certain rights, including voting control, which do not pertain to all shares equally.

(**“Conditions Precedent”**).

Completion will take place on the date 10 business days after the last Condition Precedent has been satisfied or (if applicable) waived, or any other date agreed in writing by MFG and the Sellers. The Initial Acquisition is due to complete on Monday 16 March 2026.

Pre-implementation conduct

Prior to completion of the Merger, each Seller and MFG must procure, to the extent within its control, that:

- each of Barrenjoey and MFG respectively conducts its business in the ordinary course consistent with its usual business practices and policies; and
- each of Barrenjoey and MFG respectively do not conduct any corporate actions, including changes in share capital, issues of securities, declarations of dividends (other than those expressly permitted), in specie distributions, capital returns, buy-backs or redemptions, or amend their respective constitutional documents except as agreed between the parties. MFG is permitted to conduct the Placement and the SPP, and pay dividends in accordance with its existing dividend policy.

Warranties

The Sellers provide customary warranties to MFG in respect of title and capacity, ownership of the Sale Shares, and financial crime. The Barrenjoey Parties also provide warranties regarding any arrangements between them and the preparation of information provided to MFG.

MFG provides customary warranties to the Sellers in respect of title and capacity, financial crime, and the preparation of information provided to the Sellers.

Termination

Either MFG or the Sellers may terminate the Merger Agreements if:

- the other party fails to complete as required under the Merger Agreements;
- a Condition Precedent is not satisfied by the date that is 6 months after the date of the Merger Agreements; or
- the other party breaches a warranty that is material in the context of the Merger and does not remedy such breach within 10 business days (or any shorter period ending on the completion date of the Merger) after receiving notice of such breach.

Costs and expenses

Each party is to pay its own costs in connection with the Merger Agreements.

6.2 Voluntary escrow and vesting arrangements

All Barrenjoey Parties (with the exception of the Incoming Barrenjoey Nominee Directors) will be subject to escrow and/or vesting arrangements covering all their Consideration Shares with staggered vesting and escrow release dates.

These arrangements are designed to ensure continuity of leadership and alignment with long-term shareholder outcomes, with the Barrenjoey Parties to which the restrictions apply only permitted to sell their Consideration Shares after their respective dealing restriction period ends.³³

³³ Dealing restrictions are subject to customary carve outs. This includes that dealing restrictions for individual employees may be varied in certain circumstances including on the death of the relevant employee.

The weighted average dealing restricted period is 5.5 years from the Announcement Date.

The dealing restriction period is linked to the individual’s service commencement, with the first release date occurring approximately 2 years after Monday 2 March 2026 (“**Announcement Date**”) and a final release date of approximately 11 years after the Announcement Date. A summary of the roll-off of the dealing restrictions for the Barrenjoey Parties is below.³⁴

Total Consideration Shares subject to dealing restrictions as a percent of total MFG shares ³⁵

³⁴ Dealing restrictions are subject to customary carve outs. This includes that dealing restrictions for individual employees may be varied in certain circumstances including on the death of the relevant employee.

³⁵ Based on total fully paid ordinary shares post completion of the Merger of 292,608,212.

7 Impact on MFG if the Merger proceeds

7.1 Impact on ownership

If the Merger proceeds, MFG share ownership would change as follows:

MFG share ownership ³⁶				
MFG shareholder	Announcement Date	Following the Placement but pre-SPP and pre-Merger ³⁷	Following the Placement and SPP but pre-Merger ³⁸	Following completion of Merger
Existing MFG shareholders (including the Barclays group and known Barrenjoey Parties) ^{39,40}	168,018,214 shares (100.0%)	168,018,214 shares (91.6%)	168,018,214 shares (90.4%)	168,018,214 shares (57.4%)
Placement investors ⁴¹	N/A	15,384,615 shares (8.4%)	15,384,615 shares (8.3%)	15,384,615 shares (5.3%)
SPP participants ⁴²	N/A	N/A	2,366,863 shares (1.3%)	2,366,863 shares (0.8%)
Barrenjoey Parties ⁴³	N/A	N/A	N/A	92,626,871 shares (31.7%)
Barclays Subsidiary ⁴⁴	N/A	N/A	N/A	14,211,649 shares (4.9%)
TOTAL FULLY PAID ORDINARY SHARES	168,018,214 shares (100%)	183,402,829 shares (100%)	185,769,692 shares (100)%	292,608,212 shares (100%)

³⁶ All figures in this table assume that there are no MFG shares purchased under the on-market buy-back (which is currently suspended) and subsequently cancelled following the Announcement Date.

³⁷ These figures are based on 15,384,615 new MFG shares being issued under the Placement.

³⁸ These figures assume that the Placement and the SPP result in the issuing of 17,751,478 new MFG shares in aggregate (noting that the SPP is not underwritten and the final number may be more or less than this number and therefore these figures are subject to change).

³⁹ The Barclays group holds an incidental shareholding in MFG in connection with its wider business. This is included here for completeness.

⁴⁰ It is estimated that 434,432 MFG ordinary shares are held by the Barrenjoey Parties based on enquiries of senior executives.

⁴¹ This relates to the Placement Shares issued to those Placement investors and does not take into account any pre-existing MFG shares that those investors might hold and assumes they retain their Placement Shares on the relevant dates.

⁴² This relates to the SPP Shares to be issued to those SPP investors and does not take into account any pre-existing MFG shares that those investors might hold. This assumes that the SPP will result in the issuing of 2,366,863 new MFG shares (noting the SPP is not underwritten and the final number may be more or less than this number) and therefore this figure is subject to change.

⁴³ This row only relates to the Considerations Shares to be held by the Barrenjoey Parties.

⁴⁴ This row only relates to the Considerations Shares to be held by Barclays (or its affiliate).

7.2 Changes to MFG group post-Merger

The proposed Merger between MFG and Barrenjoey represents a strategically significant step in the evolution of MFG. The combination brings together two businesses with highly complementary capabilities across investment management, markets and advisory services, seeking to create a more diversified and resilient earnings profile through different market conditions. By expanding the scale of the platform and broadening the product and service offering available to clients, the merged group is expected to benefit from enhanced distribution reach, deeper expertise across key business lines, and a strengthened ability to pursue growth opportunities that would not be available to either organisation on a standalone basis. The Board believes that seeking these enhancements is aligned with MFG's long-term strategic objectives and it is expected to support improved through-cycle performance for shareholders.

See pages 8, 18 to 25 and 49 in the Investor Presentation for a snapshot of the combined entity post-Merger.

7.3 Impact on key financial metrics of MFG

The Investor Presentation sets out select pro-forma combined financial information for the 12-month period ended 31 December 2025 (see page 23).

Before joining the Barclays group, Paul worked at JP Morgan and Ernst & Young.

The size and composition of the post-Merger MFG board will be reviewed over the next 6 to 12 months, and this will include consideration of the representation of management on the board. Under ASX Listing Rule 14.4, the proposed new directors who are expected to join the MFG board on completion of the Merger must stand for election at the next annual general meeting of MFG.

As at Friday 6 March 2026 and at the date of completion of the Merger (expected to be by 30 June 2026), the number of MFG shares and options over MFG shares held by each current and proposed MFG Director (and their related parties) other than through an employee share plan is set out below.

Senior executive alignment

Among the Barrenjoey Parties are a number of senior executives who hold shares in Barrenjoey via Evolution Trustees. This includes the two Co-Executive Chairs and Founding Partners of Barrenjoey, Matthew Grounds and Guy Fowler. Following completion of the Merger, Matthew Grounds and Guy Fowler are expected to become substantial shareholders of MFG.

Brian Benari, Guy Fowler and Matthew Grounds have agreed to extended escrow arrangements out to approximately 9 years post the Announcement Date, with a weighted average term of approximately 6 years post the Announcement Date.⁴⁶

On completion of the Merger, the fixed base remuneration for each of Brian Benari, Guy Fowler and Matthew Grounds will be \$1,500,000 per annum (inclusive of superannuation) with no eligibility for variable compensation grants.

7.5 Involvement of Barclays post-Merger

Barclays is highly supportive of the Merger.

On completion, Barclays Subsidiary's (or its affiliate's) shareholding will be limited to c. 4.9% of the share capital of MFG to simplify the impact of US regulatory requirements on the merged companies.⁴⁷

Paul Compton, Chairman of Investment Banking at Barclays, is expected to be appointed a Director of MFG following completion of the Merger.

⁴⁵ Subject to any SPP participation.

⁴⁶ Dealing restrictions are subject to customary carve-outs. This includes that dealing restrictions for individual employees may be varied in certain circumstances including on the death of the relevant employee.

⁴⁷ Barclays currently holds an incidental shareholding in MFG in connection with its wider business.

Barclays' strategic arrangements with Barrenjoey will remain on-foot after completion of the Merger. Barclays entered into a Co-Operation Agreement and Brand Licence with Barrenjoey when Barrenjoey was founded in 2020. The Co-Operation Agreement covers global product distribution, research, cross border advisory and debt capital markets. The Co-Operation Agreement and Brand Licence will remain in place following completion of the Merger and no material change is expected to its key terms as a result of the Merger. The parties have entered into a term sheet setting out how they will adapt the Co-operation Agreement and other existing strategic arrangements between the Barclays group and Barrenjoey to the new structure prior to completion from an operational perspective.

Barclays also provides Barrenjoey with access to finance by way of loan facilities. MFG intends that these facilities remain in place following completion of the Merger on the current terms.

See also page 16 of the Investor Presentation for more information on Barrenjoey's strategic partnership with Barclays.

8 Strategic rationale, key benefits and expected synergies if Merger proceeds

The Board believes the Merger represents a compelling opportunity and will result in:

- improved business diversification and resilience;
- an enhanced client proposition across both businesses;
- an ability to retain and attract the best talent; and
- a strong combined balance sheet providing opportunity for growth.

9 Path forward if the Merger does not proceed

If the Merger does not proceed, MFG will continue to operate on the current basis. As noted in section 1, MFG's economic interest in Barrenjoey is expected to increase from 36.4% to 46.4% on Monday 16 March 2026 following the acquisition of 1,007 Class B Preference Shares from Barclays Subsidiary for the Cash Consideration pursuant to the Initial Acquisition. The existing shareholders' agreement may require limited amendments to reflect the revised ownership structure of Barrenjoey if the Merger does not proceed.

No other changes to MFG's capital structure, strategy or day-to-day operations are contemplated as a result of the Merger not proceeding.

10 Key risks of the Merger

This section describes the key risks relating to the proposed Merger, all or any of which may affect the value of MFG shares and MFG's financial position and performance. Before voting on the Resolution, you should be aware that the Merger involves risks, many of which are beyond the control of MFG.

Analysis of Merger opportunity

MFG has undertaken commercial, financial, operational, taxation, legal, business and other analysis in respect of Barrenjoey in order to determine its attractiveness to the MFG group and whether to pursue the Merger. Despite MFG's role in the formation of Barrenjoey and the fact that MFG's current Chairman is a member of the Barrenjoey board of directors, risks may exist in relation to Barrenjoey of which MFG may be unaware, including latent, future or otherwise unknown claims or liabilities. The analysis undertaken by MFG may draw conclusions and forecasts that are inaccurate or which are not realised in due course.

To the extent that the actual results achieved following the Merger are weaker than those indicated by MFG's analysis, there is a risk that there may be an adverse impact on the financial position and performance of Barrenjoey, and therefore on the return that MFG receives from having full ownership of Barrenjoey.

Reliance on information provided

MFG undertook a due diligence investigation process in respect of the Merger and was provided with detailed information by or on behalf of certain Barrenjoey Parties and Barrenjoey. In many cases it is not possible to verify the accuracy, reliability or completeness of all of that provided information against independent data. There is no assurance that the due diligence undertaken was conclusive. If any of the information that was provided to MFG is incomplete, not accurate or misleading, then the benefits expected to be derived from the Merger may not be delivered or may not be delivered in the time period anticipated.

The information reviewed by MFG includes forward-looking information. While MFG has been able to review and assess some of the foundations for the forward-looking information relating to Barrenjoey, forward-looking information can be unreliable and is based on assumptions that may prove to be incorrect or may change in the future, outside of the control of MFG.

Increased exposure to Barrenjoey

If the Merger completes, MFG will have increased its exposure to Barrenjoey. Barrenjoey operates in the financial services industry, which is highly regulated and highly competitive.

Parts of Barrenjoey, in particular corporate advisory, have transactional based revenue models. These businesses may have higher volatility in financial performance than traditional recurring funds management revenue.

A variation in legislation and / or government policy may affect Barrenjoey and the business environment in which it operates. Any failure by Barrenjoey to operate effective and fully compliant regulatory programs (e.g. to meet licensing conditions or to combat money laundering, bribery, corruption or terrorist financing or to ensure compliance with economic sanctions) or where breaches are only detected post-Merger could have serious legal and reputational consequences for the combined group and its employees. Consequences can include fines, criminal and civil penalties, civil claims, reputational harm, litigation and limitations on doing business in certain jurisdictions, which in turn could have an adverse impact on MFG's financial position and performance.

If competition in the space in which Barrenjoey currently operates increases, including if new competitors enter the market and the group is unable to respond appropriately through improved market offerings and fit for purpose operations, the financial performance or operating margins of MFG could be adversely affected.

Limitations on contractual protections

The documentation for the Merger does not include a material adverse change provision which would enable MFG to terminate the Merger if a significant decline in Barrenjoey's business or similar event occurred (and correspondingly, there is no right for the Barrenjoey Parties or Barclays (or Barclays Subsidiary) to do so were a material adverse event in relation to MFG to occur). As a result, there are limited contractual protections available to MFG to protect against adverse financial or operational performance, or other adverse events, in relation to the Barrenjoey business before or after completion of the Merger.

Completion conditions and completion risk

Under the Merger Agreements, MFG proposes to acquire all of the remaining shares in Barrenjoey that it does not hold immediately prior to completion of the proposed Merger.

There is a risk that the Merger may not complete, or may not complete on the current terms or expected timing for a number of reasons, including failure to satisfy a regulatory condition that is required to be met prior to completion. If for any reason the Merger does not proceed, there may be adverse consequences for MFG and its shareholders. This includes that the trading price of MFG may be affected, certain costs relating to the Merger will still be incurred and the anticipated benefits of the Merger will not be realised. This may adversely affect MFG's operational and financial performance and the market price of its Shares.

As noted in section 9, if the Resolution is not approved by MFG shareholders, then the Merger will not proceed and the expected benefits of full ownership of Barrenjoey would not be realised.

Key management

Retention of key personnel is a key risk associated with Barrenjoey's and MFG's business performance at all levels. Certain management personnel of Barrenjoey have been identified by MFG as critical to the ongoing performance of Barrenjoey and the execution of its growth plans. Failure to retain some or all of these individuals may materially adversely impact Barrenjoey's operational and financial performance and the achievement of MFG's plans with respect to the business, including its growth strategy and integration plan. Despite the vesting and escrow arrangements that apply, the ability to retain these individuals may ultimately be outside the control of MFG.

Change of control

MFG is required to seek written approval from the Securities and Futures Commission of Hong Kong ("**SFC HK**") in order to become a "Substantial Shareholder" of Barrenjoey. There is a risk that SFC HK will not provide its consent to MFG becoming a "Substantial Holder" or will not do so within the required timeframe, which may trigger a termination right in favour of the Sellers under the Merger Agreements or the Sellers may seek to renegotiate terms or could otherwise prevent the Merger from taking place or may cause it to occur on a protracted basis. This could otherwise adversely affect MFG's financial performance post the Merger.

The Merger may also trigger change of control clauses in some contracts to which Barrenjoey is a party. There is a risk that a counterparty may not provide their consent to the Merger, which may trigger a termination right in favour of that counterparty or the counterparty may seek to renegotiate terms to obtain that consent which has the potential to adversely affect Barrenjoey's financial performance. This in turn could adversely affect MFG's financial performance post the Merger.

Integration of synergies

There is a risk that the integration of Barrenjoey into the MFG group may encounter unexpected challenges or issues or that this process takes longer than anticipated, diverts management attention or does not deliver the anticipated benefits or synergies estimated to be derived from the Merger. Possible problems may include:

- the uncertain economic environment in which the Merger is taking place and how that might impact the business post-completion;
- unanticipated or higher than expected costs, delays or failures relating to integration of businesses, information technology, accounting or other systems;

- loss of, or reduction in, key personnel, expert capability or employee productivity, or failure to procure or retain employees;
- differences in corporate culture between the businesses being integrated;
- lack of capability and talent to deliver integration;
- failure to derive the expected benefits of the strategic growth initiatives;
- unanticipated dis-synergies; and
- disruption of ongoing operations of other businesses of MFG or Barrenjoey.

Any of these possibilities, including failure to achieve targeted synergies of integration, may mean that the anticipated benefits of the Merger are not realised or may have an adverse impact on the Group's operating and financial performance and the future price of shares.

Data security and third party information technology

Barrenjoey is subject to similar data security risks as MFG.

Barrenjoey is reliant on third parties from which it receives information technology services. In most cases these services are provided, and applications are licensed, on the relevant supplier's standard terms and conditions. These arrangements and licenses will need to be renewed or extended in the future. There is no guarantee that post-Merger MFG will be able to conclude licensing arrangements for those products or technology with appropriate partners on commercially acceptable terms, or at all. Failure to secure appropriate licensing arrangements, or any disruption, variation or termination of the existing arrangements, may impact the financial performance of Barrenjoey and in turn result in an adverse impact on the MFG group's business, financial condition and results of operations.

Dilution risk

Subject to MFG shareholder approval of the Resolution, the Merger will be funded through the issuing of new MFG shares to the Barrenjoey Parties and to an affiliate of Barclays. Existing MFG shareholders will have their percentage shareholding in MFG (and therefore effective voting entitlement) diluted as a result of the completion of the Merger, the Placement and the SPP.

Increased exposure to market-based and non-annuity revenue streams

If the Merger proceeds, MFG will have greater exposure to market-based and non-annuity revenues from Barrenjoey's advisory, underwriting, sales and trading, research and financing activities, which are inherently cyclical and sensitive to market conditions and may increase earnings volatility relative to MFG's historical profile. Periods of weaker issuance, M&A activity or trading volumes, widening credit spreads or elevated volatility may reduce advisory fees, underwriting revenues, trading income and performance or transaction fees and place pressure on margins, and those factors are largely outside MFG's control. Diversification benefits from the Merger may not offset this cyclical nature, and adverse market conditions could materially impact the merged group's operating and financial performance and the price of MFG shares.

Sell-down by former Barrenjoey shareholders

Although the Consideration Shares that would be held by the Barrenjoey Parties (with the exception of the Incoming Barrenjoey Nominee Directors) will be subject to vesting and escrow with staggered releases (see section 6.2 for further details), any release or sell-down of MFG shares by the former Barrenjoey shareholders (being the Barrenjoey Parties or an

affiliate of Barclays) post-Merger could create an overhang and affect the market price and liquidity of MFG shares, and differing escrow profiles may lead to asynchronous liquidity events and increased share price volatility.

Tax risks

The merged group will be subject to a range of Australian and foreign tax regimes, and changes in tax law, administrative practice or interpretation (including in relation to income tax, withholding taxes, GST, stamp duties and employment taxes) may adversely affect the financial position and performance of MFG. The actual tax outcomes of the Merger may differ from those assumed in evaluating the transaction, including because relevant tax authorities may adopt positions that are inconsistent with advice received or assumptions made, or because guidance or law changes between signing and completion or thereafter.

Tax audits, reviews or disputes may arise in the ordinary course and, following completion, could result in additional tax, interest, penalties, increased compliance costs or restrictions on carrying forward or using tax losses or franking credits. Outcomes of any such matters are inherently uncertain and may be material.

Importance of the Barclays-Barrenjoey relationship and potential impact of a breakdown

Barrenjoey's strategic relationship with Barclays provides access to global distribution, product capability, balance sheet support, research and trading connectivity and brand. Although no change is envisaged as a result of the transaction, a termination, suspension or material change in that relationship (including changes in Barclays' priorities, risk appetite or constraints) could impair origination, execution and distribution, reduce revenues and profitability, increase costs and capital needs to source alternatives (which may not be available on comparable terms or timelines), disrupt client service, talent retention and cross-border capabilities, and create potential conflicts or misalignment that adversely affect the merged group's business and financial performance.

11 Technical disclosures regarding the Consideration Shares

11.1 ASX Listing Rule 7.3 requirements

ASX Listing Rule 7.3 requires that the following information be disclosed:

- **Number and class of shares proposed to be issued:** 106,838,520 fully paid ordinary shares of MFG. Following the issue, the Consideration Shares issued to the Barrenjoey Parties and an affiliate of Barclays ("**Barclays Affiliate**") will represent approximately 36.5% of MFG's issued share capital (being 31.7% and c. 4.9% respectively);⁴⁸
- **Issue price:** the Consideration Shares will be issued as part of the consideration payable by MFG for the Merger at a deemed price of A\$8.45 per Share. This represents a 0.1% discount to both the closing price on Friday 27 February 2026 and to the 5- day VWAP (as at Friday 27 February 2026) of A\$8.46 (the last trading day prior to entry into the Merger Agreements), with implied total dollar value consideration being A\$902.8 million;
- **Issue date:** the Consideration Shares will be issued to the Barrenjoey Parties and the Barclays Affiliate at completion of the Merger, which is subject to the satisfaction of certain Conditions Precedent outlined in section 6.1. Completion is expected to occur by 30 June 2026;

⁴⁸ MFG shareholder ownership figures assume MFG will issue 2,366,863 shares under the SPP (noting that the SPP is not underwritten and that the final numbers may be more or less than these numbers) and that no MFG shares are bought back and cancelled pre-completion of the Merger. This also includes the 15,384,615 MFG shares issued under the Placement.

- **Material terms of the Merger Agreement:** completion of the Merger is subject to the satisfaction of certain conditions, including regulatory approvals (in particular from the ACCC and the SFC HK) and shareholder approval under ASX Listing Rule 7.1. A summary of the other material terms of the Merger Agreements is set out in section 6.1;
- **Recipients of the shares:** the Barrenjoey Parties and the Barclays Affiliate; and
- **Purpose of the issue and use of funds:** as noted in section 6.1, the Consideration Shares are proposed to be issued as consideration for the Merger.

Further details regarding the Merger are set out in MFG's announcement to ASX on Monday 2 March 2026, including the Investor Presentation. Shareholders should read those announcements and any historic or subsequent announcements made by MFG to ASX when deciding how to vote on the Resolution.

11.2 MFG shareholder approval requirement and ASX Listing Rules

In summary and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue (or agree to issue) without the approval of its shareholders over any 12 month period to 15% of the number of fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of 106,838,520 fully paid ordinary shares (being the Consideration Shares) to the Barrenjoey Parties and the Barclays Affiliate as consideration for the Merger does not fall within any of those exceptions and would result in MFG exceeding the 15% limit in ASX Listing Rule 7.1. The issuing of the Consideration Shares therefore requires the approval of MFG's shareholders under ASX Listing Rule 7.1.

The Resolution seeks the required approval for the issuing of the Consideration Shares under and for the purposes of the ASX Listing Rules (including ASX Listing Rule 7.1) and for all other purposes.

If the Resolution is passed, MFG will be able to proceed with the issue of the Consideration Shares to the Barrenjoey Parties and the Barclays Affiliate (subject to the satisfaction of all other Conditions Precedent as described in section 6.1) even though the issue exceeds the 15% limit in ASX Listing Rule 7.1.

ASX Listing Rule 7.3.4 provides that the equity securities that are approved for the purposes of ASX Listing Rule 7.1 must be issued no later than 3 months after the date of the EGM.

For shareholders to approve an issue or agreement to issue equity securities under ASX Listing Rule 7.1, the notice of meeting must include the matters set out in ASX Listing Rule 7.3.

11.3 Consequences of Resolution

If the Resolution is passed⁴⁹, the Consideration Shares will be issued by MFG on completion of the Merger and the issuance will be excluded from the calculation of the number of equity securities that MFG can issue without shareholder approval under ASX Listing Rule 7.1.

If the Resolution is not passed, the Merger and the issuing of the Consideration Shares will not occur and the key benefits and synergies set out in section 8 will not be achieved.

⁴⁹ And all other Conditions Precedent to completion are satisfied.

Questions and Comments

Submitting questions in advance of the meeting

While shareholders will have the opportunity to ask questions at the EGM, it is preferred to receive questions in advance. Shareholders are therefore asked to send any questions for MFG or its Directors using the EGM Question Form attached.

All questions using this form must be received by 5:00 pm Sydney time on Friday 3 April 2026.

During the EGM, MFG will seek to address as many of the more frequently asked questions as possible. However, there may not be sufficient time available at the EGM to address all of the questions raised. Please note that individual responses will not be sent to shareholders.

All times and dates referred to in these Explanatory Notes are times and dates in Sydney, Australia, unless otherwise indicated.

Transaction status and pro forma presentation

The Merger remains subject to the satisfaction or waiver of regulatory and third-party conditions precedent, which includes the approval of MFG shareholders and relevant authorities. There is no certainty that all conditions will be satisfied or waived, or that the Merger will complete on the intended timetable or at all. Unless stated otherwise, information about the post-Merger group is presented on a pro forma, illustrative basis.

Information and advice

These Explanatory Notes are important and require your immediate attention. They should be read in their entirety before making a decision on whether or not to vote in favour of the Resolution. In particular, it is important that you consider the potential key risks of the Merger, as set out in section 10 of the Explanatory Notes.

If you are in any doubt as to any action to take in relation to the Merger, you should consult an independent and appropriately licensed and authorised professional adviser.

Industry and market data

These Explanatory Notes contain industry, market and competitive position data that is based on industry publications and studies conducted by third parties as well as MFG’s internal estimates and research. These industry publications and third

party studies generally state that the information they contain has been obtained from sources believed to be reliable, although they do not guarantee the accuracy or completeness of that information.

While MFG or Barrenjoey (as applicable) believes these sources are reliable, MFG and/or Barrenjoey (as applicable) has not independently verified the market and industry data obtained from these third party sources. Forecasts and other forward-looking information obtained from these sources are subject to the same qualifications and uncertainties as the other forward-looking statements contained in these Explanatory Notes and may differ among third party sources. These forecasts and forward-looking information are subject to uncertainty and risk due to a variety of factors, including those described in section 10 and in the “Forward-looking statements” paragraphs below. These and other factors could cause results to differ materially from those expressed in the forecasts and estimates relating to MFG or Barrenjoey or in those of independent third parties. While MFG or Barrenjoey (as applicable) believes its internal research is reliable, and its selection of industry publications and third-party studies and the description of its market and industry are appropriate, neither that research nor these descriptions have been verified by any independent source.

Financial information

The financial information in these Explanatory Notes is presented in abbreviated form insofar as it does not include all of the presentation and disclosures required by the Australian Accounting Standards (“AAS”) and other mandatory professional reporting requirements applicable to general purpose financial reports prepared in accordance with the Corporations Act.

The historical pro forma financial information for MFG and Barrenjoey combined contained in these Explanatory Notes has been prepared on a last-12 months basis to December 2025, calculated using reviewed consolidated half yearly financial statements and audited annual reports for each of the relevant periods.

Investors should also be aware that certain financial measures included in this Presentation are ‘non-IFRS financial information’ under ASIC Regulatory Guide 230 (“Disclosing non-IFRS financial information”) and also ‘non-GAAP financial measures’ within the meaning of Regulation G under the US Securities Exchange Act of 1934, as amended, and are not recognised under AAS and International Financial Reporting Standards (“IFRS”). Those non-IFRS financial information/non-GAAP financial measures do not have a standardised meaning prescribed by AAS or IFRS. Therefore, the non-IFRS financial information/non-GAAP financial measures may not be comparable to similarly titled measures presented by other entities and should not be construed as an alternative to other financial measures determined in accordance with AAS/IFRS.

Investors are cautioned not to place undue reliance on any non-IFRS financial information/non-GAAP financial measures included in these Explanatory Notes.

In addition, certain of these non-IFRS/non-GAAP measures are presented on a pro forma basis to show the impact of the Merger. The pro forma financial metrics provided in this Presentation are for illustrative purposes only and are not represented as being indicative of MFG’s or Barrenjoey’s views on future financial performance.

Forward-looking statements

Similarly, statements that describe the objectives, plans,

goals or expectations of MFG or Barrenjoey or the merged group or Barclays are or may be forward-looking statements. You should be aware those statements and any assumptions on which they are based are only opinions and are subject to inherent risks and uncertainties. Those risks and uncertainties include factors and risks specific to the industries in which MFG and/or Barrenjoey operates, as well as general economic conditions, prevailing exchange rates and interest rates and conditions in financial markets. Actual events or results may differ materially from the events or results expressed or implied in any forward-looking statement and deviations are both normal and to be expected. If any of the assumptions on which a forward-looking statement is based were to change or be found to be incorrect, this would also likely cause outcomes to be different from the statements in these Explanatory Notes. **Investors are strongly cautioned not to place undue reliance on forward-looking statements, particularly in light of the current economic and political climate and the significant volatility, uncertainty and disruption caused by overseas conflicts.**

None of MFG nor Barrenjoey nor any of their related bodies corporate, nor any of their respective directors, officers, employees, partners, contractors, consultants, agents or advisers (together, the “**Beneficiaries**”), nor any person named in these Explanatory Notes or their respective beneficiaries, makes any representation or warranty (either express or implied) as to the accuracy or likelihood of fulfilment of any forward-looking statement, or any events or results expressed or implied in any forward-looking statement. MFG today

An innovative financial services group

MFG post-merger

Business operations unchanged, MFG increases ownership of Barrenjoey to 100%

Summary of key terms

- The proposed merger (“Merger”) implies a value of \$1,616¹ million for Barrenjoey (on a 100% basis) with MFG to acquire all outstanding issued capital not already owned²
- This implies 15.0x P/E on an LTM basis, pre-synergies
- Today MFG has agreed to acquire an incremental ~10% economic interest of Barrenjoey from Barclays for \$149 million, expected to be funded by an institutional placement and Share Purchase Plan (SPP) (detailed terms on page 32)³
- The up to \$130.0m Placement to institutional investors will be priced at \$8.45, representing a 0.1% discount to the 5-day VWAP. Retail shareholders will be offered the opportunity to acquire shares via an SPP targeted to raise \$20.0m
- Remaining Barrenjoey shares to be acquired via the issuance of 106.8 million new MFG shares, subject to a shareholder vote to be held in April 2026 and the satisfaction of certain other conditions precedent
- Barrenjoey employees are subject to vesting and escrow arrangements, with some restrictions extending up to approximately 9 years post announcement
- Following completion of the Merger, MFG shareholders will own 58.2%, Placement shareholders will own 5.3%, Barrenjoey shareholders will own 31.7% and Barclays will own c. 4.9%⁴
- The MFG Board unanimously recommends that shareholders vote in favour of the issue of the Consideration Shares to fund the proposed Merger at the Extraordinary General Meeting to be held in April 2026

[1] Based on a price equivalent to the Placement and SPP issue price of \$8.45. The consideration payable includes an amount for the acquisition of relevant parties' economic interest in Barrenjoey and an amount for the acquisition of certain rights, including voting control, which do not pertain to all shares equally [2] Immediately prior to completion of the Merger [3] Barclays has agreed to pay Barrenjoey a liquidity fee in respect of the proceeds payable to it in respect of the Initial Acquisition. No fee is payable by MFG to Barrenjoey in relation to its role as lead manager on the Placement [4] MFG shareholder ownership figures assume existing MFG shareholders acquire 2,366,863 shares via the SPP and that no MFG shares are bought back and cancelled pre-completion of the Merger. Placement shareholder ownership figures assume Placement shareholders acquire 15,384,615 shares via the Placement and that no MFG shares are bought back and cancelled pre-completion of the Merger. Neither the SPP or the Placement are underwritten and the final numbers may be more or less than these numbers

TO VOTE BY COMPLETING THE PROXY FORM

STEP 1 APPOINTMENT OF PROXY

A Magellan Financial Group Ltd (“MFG”) shareholder entitled to attend and vote at the Meeting is entitled to appoint a proxy. Use this form to indicate who you want to appoint as your proxy.

If you wish to appoint the Chair of the Meeting as your proxy, mark the relevant box in Step 1. If you wish to appoint someone other than the Chair of the Meeting as your proxy, please write the full name of that individual or body corporate in the relevant box in Step 1. If you leave this section blank, or your named proxy does not attend the Meeting, the Chair of the Meeting will be your proxy by default. A proxy need not be a shareholder of MFG. Do not write the name of MFG or the registered shareholder in the space.

Appointment of a Second Proxy

If you are entitled to cast two or more votes, you may appoint up to two proxies to attend the meeting and vote, and you may specify the percentage or the number of votes each proxy is appointed to exercise. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by contacting MFG’s Share Registry or you may copy this form.

To appoint a second proxy, you must:

- complete two Proxy Forms. On each Proxy Form state the percentage of your voting rights or the number of votes applicable to that form. If the appointments do not specify the percentage or the number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- return both forms together in the same envelope.

STEP 2 VOTING DIRECTIONS TO YOUR PROXY

To direct your proxy how to vote, mark one of the boxes opposite the item of business in Step 2. All your MFG shares held as at 7:00pm (Sydney time) on the Voting Record Date will be voted in accordance with such a direction unless you indicate only a portion of these shares are to be voted on item 1 by inserting the percentage or number that you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on item 1, your proxy may vote as he or she chooses subject to any applicable Voting Exclusions. If you mark more than one box on item 1 for all your MFG shares held as at 7:00pm (Sydney time) on the Voting Record Date, your vote on that item will be invalid.

Proxy which is a Body Corporate

Where a body corporate is appointed as your proxy, the representative of that body corporate attending the Meeting must have provided an “Appointment of Corporate Representative” form to the Share Registry prior to the Meeting so that it is received and recorded at least 48 hours before the Meeting (that is, by no later than 11:00am (Sydney time) on Wednesday 8 April 2026. An Appointment of Corporate Representative form can be obtained from the Share Registry.

Please note that if you appoint a person who is expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a holder of ordinary shares in MFG) or an associate of that person or those persons, as your proxy, they will not be able to cast your vote on Item 1 unless you direct them how to vote or the Chair of the Meeting is your proxy. If you appoint the Chair of the Meeting as your proxy or the Chair of the Meeting is appointed as your proxy by default, but you do not mark a voting box for Item 1, by completing and submitting this Proxy Form, you will be expressly authorising the Chair of the Meeting to exercise your proxy in respect of Item 1 as the Chair decides.
